About us:-

Gaining the right balance of knowledge and skill is much required in any career. If you aspire a career in the media industry then our course is a great stepping stone to achieve your dream to become a media professional.

Our course prepares you for a range of career in technical and creative areas such as: camera, lighting, audio, editing, video production, photography and aerial cinematography. Our added advantage is, we help you train as a drone pilot too. Through a combination of theoretical, practical sessions and workshops with guest lecturers you will gain valuable insight and hands on experience on media equipment providing you with crucial knowledge to sharpen your skills.

We at Genesis Creation's Academy will provide you with all the necessary skills tailored for a solid grounding to help you jumpstart your career as a media professional.

DRONE PILOT TRAINING

Our course also offers Drone Pilot training

We teach the basics of flying a drone along with DGCA rules and regulations.

You will be given simulation training and hands on field flying.

Learn from a DGCA approved Drone pilot.
